### Anti-Fingerprint Laminates

Say goodbye to fingerprint smudges. The Greenlam AFX collection of laminates is scratch-resistant and can be easily wiped down to remove impurities and grease marks.

## THE DIY SCRATCH TEST.

Go ahead and try this. Take a coin and rub it hard on this surface. Then, simply wipe the surface using melamine sponge and what do you see? **Nothing!**

Greenlam AFX (Anti-Fingerprint laminates) is an ultra-matt finish laminate which has been specially treated to make the surface impression-free, non-porous, scratch-resistant and hydro-repellant, making it effortless to clean away impurities and grease marks.

# WOODS

The beauty of well defined wood grains will never go out of style. From quiet minimalism to bold masculinity, the secret of our ultra-realistic wood laminates lies in the precise colour tones and three-dimensional surface designs. Backed by our experience and knowledge in wood veneers, we are able to achieve the unique veneer look that give our laminates their distinct wood lines, swirls, knots and cathedrals.

# PATTERNS

With a wide range of patterns and textures, our laminates have been designed for every possibility. This ranges from naturally occurring stones like marble and granite to man-made materials like textiles and concrete. All the patterns on Greenlam laminates are the result of the layer of decor paper that is infused on the laminate. With our advanced printing technology, we are able to mimic the finest details of the materials we replicate, resulting in ultra-realistic surfaces that are almost indistinguishable from the original.
